The California Building Standards Commission (BSC), headquartered in Sacramento, California, is seeking an Executive Director.

CALIFORNIA BUILDING STANDARDS COMMISSION

Established in 1953 by the California Building Standards Law, the BSC is an independent commission within the Department of General Services under the Government Operations Agency. Commission members are appointed by the Governor and confirmed by the Senate. The BSC's mission is to produce sensible and usable state building standards and administrative regulations that implement or enforce those standards.

THE POSITION

The Executive Director is appointed by and serves at the pleasure of the Commission; carries out its policies; administers all building code adoption, approval, codification and publication and related processes under the California Building Standards Law; performs the required and essential functions of administering and managing an agency; and manages the Commission office and staff.

RESPONSIBILITIES OF THE EXECUTIVE DIRECTOR

- Makes public the processes of the Commission and implements the policies of the Commission in carrying out the intent of California Building Standards Law.
- Administers the state's building standards and code adoption processes and ensures agency compliance with the California Building Standards Law and the California Administrative Procedure Act (APA) when proposing or adopting building standards, or adopting administrative regulations implementing or enforcing building standards.
- Reviews and approves, or disapproves, agencies' public notices of hearings for proposed building standards and administrative regulations, to ensure compliance with the APA.
- Recommends the approval or rejection of adopted and proposed building code change proposals received from state agencies based on compliance with the criteria set forth in the

California Building Standards Law, and the format requirements of Title 24, California Code of Regulations.

- Develops procedural regulations necessary to implement the intent and processes of California Building Standards Law.
- As necessary, convenes and serves as Chair of the Coordinating Council, which is comprised of the major state agencies that propose or adopt building standards regulations. Responsible for assuring the Council considers and reconciles differences and resolves conflicts among state agencies.
- Manages several Commission-appointed advisory committees, including the Code Advisory Committees.
- Coordinates staff support for the Coordinating Council, Code Advisory Committees, and the Commission's standing and *ad hoc* committees. Provides technical and administrative direction to these groups and state agencies in the development of building standards and related administrative regulations. Serves as the primary Commission resource for the expeditious response to, or resolution of, complex or sensitive California Building Standards Law issues.
- Performs the full range of the required and essential functions of administering and managing an agency.
- Acts as the primary representative of the Commission to all levels of state, federal and local government and the private sector.
- Represents the Commission before the Legislature.
- May be called upon to testify before Legislative committees.
- Negotiates and executes necessary contracts and interagency agreements consistent with the State's contracting and procurement laws and policies related to the procurement of both information technology and non-information technology goods and services, including but not limited to the contracts for the publication of the state's building codes.
- Monitors, develops, reviews and/or analyzes proposed legislation.
- Establishes and manages the Commission's budget.
- Manages all tasks related to the Commission's information technology systems activities.
- Manages the Commission's human resource activities to ensure compliance with the state's civil service laws and rules relating to the state's hiring practice, equal opportunity employment.

APPLICANTS MUST MEET THE FOLLOWING MINIMUM QUALIFICATIONS

Applicants must demonstrate the ability to perform high administrative and policy-influencing functions effectively. Such overall ability requires possession of most of the following more specific knowledge and abilities:
